Commencement 2009 DVD & Picture Man Information

Seniors will receive one DVD at no additional cost as part of their senior package. Additional copies may be ordered for friends and family members on, or before, June 6th. (Please allow 6-8 weeks following graduation for the delivery of your DVDs.)

Traditionally, graduation has been well attended and the church is typically quite full. However, one of the problems associated with the attendance is fire exit pathways can become blocked and aisles congested with family and friends eager to capture a snapshot or video segment of a particular student. Tripods in aisles or cameras held aloft are also distracting and disruptive to others in attendance. Due to these logistical problems, some restrictions need to be implemented. Picture taking prior to, and after, the ceremony will remain an option for parents and guests. The ceremony itself, however, will only be available through our professional video service. It is our sincere desire our guests relax and enjoy the ceremony.

Additionally, GradTrak will be taking cap shots of your student before they cross the stage to receive their diploma and a picture of the student as they are awarded their diploma. Photographers will also be available throughout the day and after the ceremony for group, family, and candid shots which may also be purchased online. Your student will be given instructions on when pictures will be viewable on line the day of graduation.
